"Such popularity must be deserved." "Larry" is the best liked and most prominent boy of the class. He always was popular with the opposite sex. We wonder if "Larry" ever neglects his studies to keep those dates with Lillian. The class as a whole join in wishing you success, Larry.

"Jimmie"

January 7, 1910
New Bedford, Mass.

Betsey B. Winslow School

"Jimmie" is one of the most popular members of the class. At the recent Semi-Ann—he matched Ken Noyer to see who was the second popular boy in the school—and due to hard luck—he now claims that honor. "Jimmie" has without doubt followed the feminine sex during his stay here—and they seem to have reciprocated. We are wishing you success in whatever you undertake, "Jimmie."

"Semi" might easily be called the "baby" for he is the youngest boy in the class. He has taken a very active part in athletics for such a little tot. We all know that he isn't the least bit shy and is a very popular member of the class as well as a valuable athlete. Here is hoping that you might become a big man some day!

CLASS HISTORY

By MARY SULLIVAN

IN September 1924 we entered New Bedford High School to pursue a more extensive course of study. At first the big building with its spacious corridors and many rooms filled us with awe, and the "heartless" Seniors did their utmost to make us feel our inferiority. But, in reparation for this, the Seniors of the Class of '25 tendered us a reception in October 1924 which helped a great deal to relieve us of our embarrassment; we no longer remained in awe of the Seniors, but a more friendly feeling prevailed.

After having become accustomed to our new surroundings, we finally organized as a class with Harvard Broadbent president, Bernice Reed vice-president, Edith Small secretary, Edward Sherman treasurer. The remaining part of our Freshman year passed by without any achievements on the part of our classmates.

We felt more confident in ourselves as we entered our sophomore year for which we chose the following officers: president Bernice Reed, vice-president Harvard Broadbent, secretary Preston Cook, treasurer Ormand Chase. Clinton Tripp was elected inter-class debater. Toward the latter part of our sophomore year an oratorical contest was held in the school. We are happy to note that it was a member of our class, Gretchen Buis, who was the victor. As a sophomore she was successful in defeating the other students who participated and thereby securing the prize—a tour through the Northwestern territory of the United States.

The second year was now a thing of the past, and we felt rather dignified upon entering our junior year. The class officers for this year were; Harvard Broadbent president, Preston Cook vice-president, Theodore Sieminski secretary, Jane Briggs treasurer. Since we were unable to give any dances as 5's or 6's the year passed by without any special occurrences in school life worthy of mention.

Before we realized it, our senior year had now approached and the officers chosen for the year were: Lawrence Markey president, George Gardner vice-president, Theodore Sieminski secretary and Normand Paquette treasurer. As Seniors last October we gave the usual welcome to the incoming Freshmen by entertaining them at a reception in their honor. It proved to be an enjoyable evening both for the Seniors as well as the Freshmen.

Last fall a new organization known as the Honor Society was instituted in the New Bedford High School for the purpose of giving recognition to worthy and meritorious students. It is a pleasure to note

that nineteen members of our class were enrolled in this society as charter members. The students who won this membership are: Bessie Beveridge, Marion Braman, Jane Briggs, Harvard Broadbent, Gretchen Buis, Amen Coury, George Gardner, Georgette Gaudette, Pauline Goldfarb, Barbara Hersey, Samuel Horvitz, Colby Lewis, Rose McCarthy, Edith McKenzie, Marjorie Maynard, Louise Perry, Pauline Slom, Mary Sullivan, and Eunice Turgeon.

As our class has been fairly well represented in school activities it seems fitting to speak of their work now. In the line of sports, "Eddie" Caswell, "Ted" Sieminski, "Red" Pierce and "Cy" Cole have been successful in helping along the football and basketball teams. "Johnny" Simmons is known for his track running while Harvard Broadbent, Preston Cook and Strypek have done fine playing on the tennis courts. The baseball "Babe Ruths" have been Cole, Stankiewicz and Markey.

The Debators of our class who have made a name for themselves are John McWilliam, who has been our inter-class debator twice; Florence Levinson and Gretchen Buis, who have both displayed their debating ability. Also, Emma Begin was a member of the Varsity Debating Team in her senior year.

In the various school activities, the class of '28 has had a share. Some have taken part in the band and orchestra as well as the Glee Clubs wherein they have developed their musical talent. And too, Colby Lewis has won distinction by his service in the R. O. T. C. Harvard Broadbent as editor of the Alpha strove to further its progress and Jinnet Seaver, Jane Briggs, and Pauline Slom also served on the Alpha Board. Colby Lewis was cartoonist for the Alpha for about three years.

Before going further, credit must be given to the girls for their efforts in creating an interest in girls' sports. The varsity basketball team has been made up of the veterans—Mary Kenney and Rae Stanley from our class, and Alice Cornell also won a place on the varsity in her senior year. Henriette Gaucher has done good work in both hockey and basketball.

The outstanding members of the Class who participated in the affairs of the Dramatic Club seem to be Betty Figgins and Barbara Hersey, who probably are close contestants for the honor of first place on the list. Both have taken leading roles in the presentation of that organization. Also, we must not forget to mention Colby Lewis as the great actor of our class. Then, too, Georgette Gaudette has been an active member in the Dramatic Club productions.

Many class meetings were held during our Senior year, and the dates of our social affairs were fixed. On May 4 we were successful in presenting our Senior Vaudeville Show in the High School auditorium. Much credit is due the participants for their efforts in making the show a success. The Prom took place June 15 in the gymnasium, and it proved to be one of the gala events of the year. Senior Class Day ensued on

the twenty-second, and, according to custom, the Seniors held full sway. The Banquet was the next in succession of the many social affairs, and finally Graduation took place on the twenty-eighth of June. That exciting night had now drawn near, and it was with beating hearts that we listened to the valedictory and salutatory being delivered. The speaker of the evening, Dr. Charles R. Brown, made a very inspiring address to us, and then the long-awaited diplomas were issued—the reward of four years' study. That Graduation night marked the parting of friends and classmates, and above all the departure from New Bedford High School and the going forward one more step into our future life.

And now in June 1928, we, the largest class ever to graduate from New Bedford High School, have reached the goal which we set for ourselves four years ago. It is fitting and proper for us therefore to express our deep gratitude and appreciation to the kind and patient teachers who have labored so zealously in our behalf.

We give him this Ford car.
- JAMES SHILL Notebook
Shill, the Trig shark of renown,
Needs tools with which to work.
To scribble all his formulas down,
We'll give him this notebook.
- JOHN SIMMONS Perfume
Johnny is the High School shiek,
For whom the girls fall hard.
If he uses this upon his coat
He'll resemble closely the nanny goat.
- WILLIAM STEPHENSON Watch
When you're dashing off the '100'
In trying to beat Paddock's time,
Keep this watch where you can see it,
And your records will be fine.
- ALFRED STRZEPECK Book—How to Dance
Freddie is the girlies' cutest,
Goes around in a sort of trance,
So if he studies this late nights,
He ought to soon learn how to dance.
- ALBERT TOMKE Cabbage Bouquet
Albert seems so very slow,
To us it is a surprise,
We wish him to have a bouquet,
And—do not limit the size.
- NORMAND TRUDEL Harmonica
Galla Curci has one rival,
At the show we heard you sing,
But why not give us all a concert,
Any artist can play this thing.
- JOHN TURNER Girl Doll
Sir John Turner, so they say
Will give no heed to Cupid's dart,
So here's a lady sweet and gay,
Who's sure to melt his stony heart.

ALEC WHELAN

Cap

Alex wants to go to—Tech.
 Look out he'll give your wrist a slap.
 With this Fresh cap above his neck
 He ought to look like any sap.

GIFTORY OF THE GIFTORIANS

GRETCHEN BUIS

Freckle Cream

Gretchen has tried almost every remedy for freckles,
 But she has met with little success;
 So, we are giving her this cream to remove those speckles
 And leave a complexion of whiteness.

LUCY CAMARA

Joke Book

For Lucy there's a book of jokes,
 At which she's such a shark;
 But Lucy, don't exert yourself too much,
 Committing them to heart.

PRESTON COOK

Chewing Gum

Cooky, I thought with all my might
 And hadn't any gift for you,
 Until I passed a candy store,
 Wherein I bought for you a chew.

GRACE COYLE

Heart

Grace gets a heart,
 'Cause she's always in a trance.
 She lost hers the other night
 At the Country Club dance.

GEORGE GARDNER

Box of Kisses

To smiling Jim who likes the misses,
 We here present this box of kisses.
 About this pack there's nothing phoney,
 And these don't lead to alimony.

MARJORIE MAYNARD

Man

Marjorie was always studious
 Throughout her high school career.
 Now if she finds a beau like this,
 I am sure she will prove sincere.

ROSE McCARTHY

Heart

Rose lost her heart this term,
 In a very delightful way,
 So we're giving this to replace the one
 That Arthur has taken away.

THEODORE SIEMINSKI

Aeroplane

When football holds no claim on you,
 If this should happen some day,
 Just trust this little aeroplane
 To help while your time away.
